

Prokurio

IP FORECASTER: THE MODERN CHOICE

Prokurio's IP Forecaster automates complex and time-consuming IP Cost forecasting processes. Put away your spreadsheets and dump your outdated solutions; you now have a better option.

We're new to the IP Forecasting game, but we're making up for lost time with the most modern, client-focused, and client-friendly approach on the market.

WE'RE REVOLUTIONIZING IP COST FORECASTING

Have your own fees? No problem. We give you the tools to configure the platform to your needs.

Override our standard fees, or easily create your custom fees.

You can quickly set up global fees or create fees for specific jurisdictions, specific clients or specific international firms.

IP FORECASTER ADAPTS TO YOUR NEEDS

You've got enough going on, worrying about your cost-forecasting platform is the last thing you want to do.

We've designed IP Forecaster to be as worry-free as possible, starting with flat-rate pricing for unlimited forecasts – giving you the predictability you deserve.

If something better comes along or we don't deliver the value you expect, you can cancel anytime. No questions asked.

SAY GOODBYE TO HASSLES

Prokurio

IP FORECASTER KEY FEATURES

UNMATCHED FLEXIBILITY

- **Modern User Experience:** Intuitive and user-friendly interface that even a lawyer can use.
- **Flat-Fee Pricing:** Transparent and easy-to-understand pricing – no surprises.
- **No Long-Term Contracts:** Standard, one-year term; cancel anytime.
- **Simple Onboarding:** Automated associate fee schedule upload makes onboarding a breeze.

BUILT FOR THE FUTURE

- **Unlimited custom associate fees:** Easily incorporate all of your associate fee schedules into forecasts.
- **Unlimited custom client fees:** Create client-specific fee schedules and discounts for more accurate forecasts.
- **Customizable translation costs:** Leverage Prokurio's default translation costs or add your own fees as needed.
- **Unlimited country groupings:** Create unlimited country groupings to speed up the forecasting process.

POWERFUL SIMPLICITY

- **Modern SaaS platform:** Secure, high-performance, browser-based solution
- **Weekly fee updates:** Regular IP fee updates ensure forecasts can access the most current fees.
- **No Limits:** Every subscription allows unlimited users and unlimited forecasts.
- **Weekly product updates:** Continuous delivery of client-driven new features and enhancements.
